PROJECTS:

HOSTELHUB - <https://codecrafted1.github.io/Hostelhub/>

- HostelHub is a website designed to simplify hostel life by allowing students to easily raise and track complaints related to electrical, plumbing, or food issues.
- The main goal of HostelHub is to eliminate the difficulty students face when searching for reliable and affordable hostels in a new city.
- Tools - Html ,CSS , JavaScript

SHEWORKS - [GitHub](#)

- SheWorks is a web-based platform designed to empower women by providing them with access to job opportunities, skill development resources, and career support.
- One of the key highlights of SheWorks is the SOS emergency button, which allows users to instantly send their live location to emergency contacts during unsafe situations
- Tools - React , Mongobd , node.js ,express.js

Hackathons & Tech Participation:

Prometeo'26 IIT Jodhpur [GitHub](#) : We Build a real-time website, deployable platform that enables citizens to report incidents and allows responders to monitor, verify, prioritize, and coordinate responses efficiently

URJOTSAV'26 (RGIPT) :<https://codecrafted1.github.io/AutoVista/> A Digital Showroom responsive website that allows customers to explore motorcycles and scooters, compare features, read reviews, and book test rides online.
